Helpful Tip!: High-protein foods can lead to greater mental alertness. These healthy food choices include eggs, nuts, yogurt, fruits, veggies, and whole grain cereals.

OUTSIDE WEATHER

During the cold weather months, we continually watch the weather forecast. If the "real feel" temperature is 15 degrees or lower, students are asked to come inside prior to the start of the school day. Please make sure your child continues to dress warm for the cold weather. If there is snow on the ground, students without snow pants and boots must stay on the blacktop at recess. If your child needs assistance getting boots, snow pants, coat, gloves, or hats, please contact the school office.
