## **Superintendent Evaluation 2022**

The board acknowledged Patricia's proactive approach to gaining feedback and input and her willingness to adjust course as applicable based on what she learns. The board finds the Committee meetings to be well organized, effective and highly collaborative. Trish's responsiveness and follow-through sets an excellent example and is evident in the performance of the leadership team.

Beyond Equity has been a huge time commitment and is noted as a point of praise since we are one of the few districts involved.

The board encourages Patricia to balance her time and commitments and delegate to others when appropriate. While it is appreciated that Trish is so visible within the community and at school events, ensuring a work/life balance is important.
