

BUCKS in ACTION

For all the uses for duct tape, which are many, who would dream that we could duct tape our principal, Mr. Babcock, to the wall? Oh, what a fun way for the students to celebrate their success... and thank you Mr. Babcock for being such a good sport.

The Moccasin Elementary Student Council recently sponsored a two-week food drive for our local food pantry at Redbud Area Ministries. The school was given a challenge from Mr. Babcock, that if they donated 2,500 items they could tape him to the wall. Moccasin blew that goal away and donated 3,343 items for RAM!! The student council members delivered the items to RAM on February 14th.

We want to thank everyone for their generous donations to the food drive, and ongoing support for projects at Moccasin Elementary.
