

# Bucks in ACTION

"7th-graders have been trying to "Escape the Stone Age!" They've been working hard on my escape room boxes, and everyone has been highly engaged. Many thanks to everyone who donated to, or helped with this project, including Midwest Radio Station. An extra special thank you goes out to Christin Taylor, Trinity Young, Missy Lyon, Erin Kratky, Tori Thomas, Shelby Beasley, Sarah Blair, Amy Dirlam, John Philips, Teri Frantz, Alivia Ausra, the Torbet family, and my husband, Keith. Without those individuals, cutting, gluing, painting, key-chaining, brainstorming, unlocking, and overall "Guinea Pigging", this would never have ever come together. Thank you for believing in my dream!"
